

08/16/12 - Local Company Welcomes New Staff Members

EnviroSense is very pleased to announce that Virginia Grace and Robert Tuomanen have joined the dedicated staff at EnviroSense, Inc., and bring with them many years of experience in the field of Environmental Health and Safety (EHS).

Ms. Grace has worked in the environmental field in both the public and private sectors. Earlier in her career she worked for the Portsmouth, NH Water Department, and then with the NH

Department of Environmental Services in both the solid waste division and the water quality division. She then moved to private industry, working for Wheelabrator Technologies for many years where she became a Director of Health, Safety and Environmental Compliance. Most recently, she served as Vice President of Marketing and Environmental Affairs for NEFCO, a biosolids management company.

Mr. Tuomanen holds a number of certifications in the EHS area, including Certified Industrial Hygienist, Certified Safety Professional, and Certified Professional Environmental Auditor. He has provided his expertise to a number of corporations over his career, including Wheelabrator Technologies, EORM, Hydro-Environmental Technologies, and Apex Companies. He was also the founder and president of Exeter Health and Safety, Inc., which he ran for 10 years. In joining EnviroSense, Ms. Grace and Mr. Tuomanen will expand the firm's services into the EHS area, including occupational safety, industrial hygiene, environmental compliance, chemical exposure assessments, indoor air quality, environmental permitting, and human health risk assessment. Existing and new clients which will benefit from their expertise include insurance companies, manufacturing, high technology, pharmaceuticals, energy, research laboratories, plastics and chemicals, petroleum, environmental law firms, and government agencies.

Please join those of us at EnviroSense in welcoming Ginny and Bob to our team!
